

# Nighttime

grouptherapy.

I'm alone in the nighttime  
You love me wrong but it feels right  
Should I go  
Should I waste time  
Ooh

Where you at  
I'll be on my way fast (Fast)  
Hit the gas  
Switching swerving lanes fast (Quick fast)  
Send me the addy  
Don't tell nobody (No one)  
Send me the addy  
Don't tell nobody (Yeah yeah yeah)  
Where you at (Where you at)  
Bring that ass (Oh yeah)  
I been waiting for it all this time, ooh (Woo)  
Send me the addy (Yeah)  
Don't tell nobody (Tell nobody)  
Send me the addy  
Don't tell nobody

I don't know what I been on  
But I know the sun is gone  
I don't know what I been on  
But I know the sun is gone

You see I never took a date to the beach  
But I might though  
Late at night when the weather like Lipo  
Shit sucks but  
It's just a hypo  
Thetical  
Bet it go  
Better in person  
Barely go out but we still get it in  
When it matters most  
Toast to the short life we live out  
Tryna stay on tract like the weave is out  
When you blend that shit better leave it out  
So let's both bring the sativa out  
Lie on a towel  
Smoke shit down  
Talk about life  
Stare at the clouds  
11:11  
Make you a wish  
Mine is that this is gon end in a kiss  
A little more  
If you was down  
Prize fight  
Lights out

I'm alone in the nighttime  
You love me wrong but it feels right  
Should I go  
Should I waste time

Ooh
