

Outside

grouptherapy.

I was born older
I don't think that I was born for being fucked over
Colder shoulder
Overthinker, stoner, drinker
Loner, martian rover [?]

Fine, ok, it's whatever
If we fuck up at least we did it together
I keep hoping things are gonna get better (huh)
My pleasure

Sorry I'm so in my head (so in my head, outside, I'm playing outside)
I still don't know what I said (know what I said, outside, I'm playing outside)
I'll just go roll in my bed (Outside, I'll be playing outside)
You see it's better when you roll with a friend (Outside I'll be playing outside)
