I'm a workhorse, neigh
If I pop up, pray
Trill the beat pack like a potluck
If you got one, ate
I'm a Top Gun, ace
I think I got one, great
I'm a old voice with a new head
Take a deep breath, yay
I'm lucky as fuck and I know it
I tried for a while not to show it
But I got a hunch I'm the best
I figure I gotta promote it
My nigga just flew overseas
I stay cause the money's important
Bitch, I am a luxury, B
You want me, just give me employment
G.O.T., give me my crown
Nigga, I'm up, you can bow down
If you want smoke, if you want beef
I'm sure I can shuffle some meetings around
I bring home the bacon, the bread, and the lettuce, the cheese
The Lexus is not that impressive to me
My niggas struggled, had to huddle for heat
Now we're learnin' how to celebrate
Playing way up out 35, what's a nice wine pairing wit it?
We gon' do the most, leave a tip so gross, finna scare 'em off wit it
All that and a free colay, I embarrass y'all niggas
My day ferosul wit it, no comparison wit it, I got

One check, two check
Two step, run it all
Powerball, powerball
Powerball, powerball
One check, two check
Two step, run it all
Powerball, powerball
Powerball, powerball (yeah)
One check (one), two check (two)
Two step (two), run it all (run)
Powerball (yeah), powerball (yeah)
