Hoo-ooo (hoo! hoo!)

Said I didn't want, said I didn't want, yeah  
(Said I did I didn't want you)

Said I didn't want, said I didn't want, yeah  
(Said I did I didn't want you)

Said I didn't want, said I didn't want, yeah  
(Said I did I didn't want you)

Said I didn't want, said I didn't want, yeah  
(Said I did I didn't want you)

Bada-da-doo

Bada-da-doo-oo

Bada-da-doo

Bada-da-doo-oo

Said I did, I didn't want to be here

Said I did, I didn't want to try

Said I did, I didn't want to be here

Said I did, I didn't want to try

Said you don't want, where's that energy at?

Said you don't want, where's that energy at?

Said you don't want, where's that energy at?

Said you don't want, where's that energy at?

Said you don't want, where's that energy at?

Said you don't want, where's that energy at?

Said you don't want, where's that energy at?

Said you don't want, where's that energy at?

(But if you make up your mind, hit me back)
