Suit and ties on my line  
Had to hit the climb  
Shoot at mine, you can try  
Turn you to a shrine, quick  
Who decides who can fly  
Shit, it's you and I  
Multiply all my dime  
Now I'm mortified  
Yo, forgive me all my sins  
Just don't doubt me for this end  
She wants Audi, she wants Benz  
Black or white it just depends
