

# Celestial Candyfloss

Gruff Rhys

I said  
I'm a barista  
She heard  
Barrister  
Misunderstanding my  
Baritone stammer that  
Tricky to understand  
Led to the overland  
Ticket right in my hand, took it

And left down the stream  
To investigate all domesticated  
Couples who  
Misunderstand  
All the intricate  
And the outricated concepts  
Of

Love as the final destiny  
Chasing it like a park ranger  
Shoot for  
Celestial candy floss  
Licking it like there's no danger

Destiny  
Cyclical symmetry  
Upturn the commentary  
Turn to familiar simile  
Destiny

Hemorrhage the Muscovy  
Off shore the family  
In anonymity  
Pack-up and

Flee through the snow  
To escape the wrath of the  
Continental covenant  
Poised, shrewd and primed  
To convert the bonds of the military  
Mighty for

Love as the final destiny  
Chasing it like a park ranger  
Shoot for celestial candy floss  
Licking it like there's no danger

Call from the wilds of the barren lands  
On the slopes of the volcano as  
Old Marmalade  
Drips  
From  
Mantelpiece  
Down  
The  
Corrugated  
Edges

Of

Love as the final destiny  
Lifting it like a pall bearer  
Shoot for celestial candy-floss  
Licking like there's no danger  
Love as the final destiny  
Legging it like a park ranger  
Hark! For celestial candyfloss  
And fall asleep like there's no danger
