

Walk into the Wilderness

Gruff Rhys

Sagebrush and Skyline Chili
Memories from my every-day
Brandy and river catches
Come to soothe the night away
Come to soothe the night away
I'll get through to you
If I die, then I had to
I'm gonna walk in to the wild
With this river on my mind
The age of revolution
Pushed me through the Atlantic Sea
To make my contribution
Re-building a land so free
Reinvention in ninety-three
I'll get through to you
If I die, then I had to
I'm gonna walk in to the wild
With this river on my mind
I'll get through to you
If I die, then I had to
I'm gonna walk in to the wild
With this river on my mind
Walk into the wilderness
Walk into the wilderness
