Gryffin

This room is way too silent
I can hear my thoughts dripping like a faucet
Don't want our memories to end up in boxes
In the back of my closet

Meet me out
Where the highs and lows don't sleep
And the crowd
Melts into a broke heartbeat
And the sound
Gets too much for me
I wanna disappear

In the dark
You and me
In the stars
Evergreen
Pull me close (close)
Set me free (free)
In the dark
We could be
Evergreen
Evergreen

In the dark
You and me
In the stars
Evergreen

Don't want to close my eyelids
Wanna see my name, floating out of your lips
Cause yours is
And I don't wanna say goodnight
Goodnight

Meet me out
Where the highs and lows don't sleep
And the crowd
Melts into a broke heartbeat
And the sound
Gets too much for me
I wanna disappear

In the dark
You and me
In the stars
Evergreen
Pull me close
Set me free
In the dark
We could be
Evergreen
Evergreen
Evergreen
Evergreen

Pull me close (close)

Set me free (free)
In the dark
We could be
Evergreen
Evergreen
Evergreen
Evergreen

In the dark
You and me
In the stars
Evergreen
