

ON THE LINE

Gryffin

Put your loving

Echoing around in this space
We haven't spoken for days
Then we get deep for a moment
Say you need me, then you're going
You're running, I know you're afraid

Lying wide awake when the night's getting colder
Ready for the day that you tell me I'm yours
Baby, we'll look back on these days when we're older
Hoping you show up at my door

Put your loving on the line
Getting closer to the wire
I been spending all my time on you
Put your loving on the line
Oh, you run right to the fire
Got me asking what I gotta do
Put your loving on the line
Getting closer to the wire
I been spending all my time on you
Put your loving on the line
Oh, you run right to the fire
Got me asking what I gotta do

Put your loving
Put your loving
Got me asking what I gotta do

Echoing around in this space
We haven't spoken for days
Then we get deep for a moment
Say you need me, then you're going
You're running, I know you're afraid

Lying wide awake when the night's getting colder
Ready for the day that you tell me I'm yours (Tell me I'm yours)
Baby, we'll look back on these days when we're older
Hoping you show up at my door

Put your loving on the line
Getting closer to the wire
I been spending all my time on you
Put your loving on the line
Oh, you run right to the fire
Got me asking what I gotta do
Put your loving on the line
Getting closer to the wire
I been spending all my time on you
Put your loving on the line
Oh, you run right to the fire
Got me asking what I gotta do

Put your loving
(Put your loving)
Put your loving

Got me asking what I gotta do
