

Use Me

GS Megaphone

On myself You cannot depend
I've already failed You time and again
In this truth, there is no debate
My life I love but my flesh I hate

I want You to use me

On my own I am only me
A victim of my insecurity
I lose myself, I've nothing to lose
I'm dead to sin and I'm Yours to use

I want You to use me
Use me

I let go of my foolish pride
So Jesus Christ can be glorified
With Christ my Lord I was crucified
I take up my cross and let the Spirit guide
