Guano Apes

It's a tied rope  
your Life lives  
someone else  
I've found the mood  
break to another world  
I got to tell them  
I was the one before  
and it's not my fault  
I'm what you adore

Take my flesh I am real  
what you gonna do  
if I let you feel

Cuts  
I'm not a maniac  
cuts  
I'm not a maniac

The time is up  
fighting against the miserables  
when I step into your room  
I know what's on your mind  
so shut your mouth  
I was the one before  
I cut your tongue  
I'm what you ignore

It is true I'm healed  
so what you gonna do  
if I let you feel

My cuts  
I'm not a maniac  
cuts  
I'm not a maniac

Say it  
I know you can't  
follow cause I'm to fast  
say it  
I know you can't  
Lay with me

Cuts  
I'm not a maniac  
cuts  
I'm not a maniac

Say it, Say it again
