I don't trust fake niggas
Or snake niggas
I could bake niggas or get cake with 'em
Lil brother caught a new court case with it
I just pray the footage ain't have his face in it
I'm in first class business every time I fly
Got caught slipping once now while I slide
With ten hunnit niggas with me right out side
'Cause that other shit stress me out baby

I just pulled up in some lamb like I'm sheep skinned
I'm not light or dark skinned it , I'm me skinned
I'm a hood nigga, but I'm not a street nigga, even still
I'm too deep in it
Got a breath taking bitch so thick
I can't breathe
RIP George Floyd fuck all the PD's
I done poured so much drink I can't freeze
My trunk full, I can't speed so I don't

Trust fake niggas
Or snake niggas

If I don't got no money I be pissed off
Fucking on a pretty ghetto bitch raw
I love when the nails done (Check)
Got a fresh set (Yes)
Mop the floor with that pussy like a wet jet
One of the hottest in my city, I could stop snowing
I'm so breath taking people thought I caught Covid
No love for a snitch that is not P, rats singing on cam like Jacquesse
I like to wear a lotta silk like yo aunties
I just gave one piece
To my one piece
At the house watching one piece with the pump piece
I'm really not pressed to get you to fuck me
You don't gotta choose me choose jigga, juice
He got the black and white jumpin like zaboomafoo
I was down on my last
Then I found a bag
I know it made me mad
Too bad
I fee like Mike Jack nigga, who bad?
Foot on they neck and foot on the gas
I don't got respect and I got laughed
But I always came back like Samurai Jack
Nigga ain't no fake shit in my blood
I can't even fake a nut
My life lie, I can't make this shit up
Threw some many ones on Von b-day had to rake that shit up

Rake that shit up
