

Chicken Adobo

Guapdad 4000

Yeah

How I fell in love with you it was beautiful
Like Chicken Adobo how you fill me up
Being by myself is scary, but love is scarier
I'm just tryna make it in America
How I fell in love with you it was beautiful
Like Chicken Adobo how you fill me up
Being by myself, but love is scarier
I'm just tryna make it in America, yeah

Summer 0'10, mama on bin

So bust out the rin, bust out the spin, piecin' it in
Brother [?] mother's [?] we goin in, fuckin' shit up
Like when you cookin', make that shit up
Bring the heels over, then make it a cup
Boy I had hopes, since snotty my nose, dirty my clothes
Fuck this is vogue, when my uncle on voes
And my cousin on fours
Wide open, how I come in your lane
Ibuprofen how you numbin' the pain
Only thing I change about you's your name

How I fell in love with you it was beautiful
Like Chicken Adobo how you fill me up (Adobo)
Being by myself is scary, but love is scarier (Scary)
I'm just tryna make it in America (America)
How I fell in love with you it was beautiful (Yeah, yeah)
Like Chicken Adobo how you fill me up (Yeah, yeah)
Being by myself, but love is scarier (Yeah, yeah)
I'm just tryna make it in America, it's a check

In the Summer I got you, and Winter I got you
I follow your body, and Spring for your tropics
I'm changin' your name, so call up your mama
If you don't got it then call up your papa
If you don't got him, then fuck it you got me
Bring you to Oakland and show you where I been
Bring me back home and show me your problems
And we can go solve 'em, it's just you and I
The best at light of every game because we always slide
People get cancelled everyday, you do no wrong in my eyes
Hold me down like you, been holdin' me down baby
'Cause that's exactly

How I fell in love with you it was beautiful
Like Chicken Adobo how you fill me up (Adobo)
Being by myself is scary, but love is scarier (Scary)
I'm just tryna make it in America (America)
How I fell in love with you it was beautiful (Yeah, yeah)
Like Chicken Adobo how you fill me up (Yeah, yeah)
Being by myself, but love is scarier (Yeah, yeah)
I'm just tryna make it in America, it's a check
