Everything

Guapdad 4000

It's a check

Bounce out balling on everything
And I'm sipping on anything
You know the Feds want to get me
I ain't really paying for nothing
When they see me field you know that's it's all love yeah
Its all love yeah aye check
It's all love baby aye check

I got mud with me
I got my cause' with me
And I'm fuckin' on her friend and she like, oo bitch you brought the plug wi
th you
I scam for the cabin
Some where in Utah
You know it blanketed in snow everywhere we go
Gotta bring the Yeezy boots out
My cousin momma in shelter and it hurt me
My lil' brother moved out and it hurt me
My ex bitch broke my heart it awoke something
My granny got that fucking cancer and it broke something
My daddy in and out of jail and he 30
It's nigga's right across the street who wanna murk me and I'm damn
Why they wanna stick me for my bands?
Shit, it's a check right

Bounce out balling on everything
And I'm sipping on anything
You know the Feds want to get me
I ain't really paying for nothing
When they see me field you know that's it's all love yeah
Its all love yeah, aye, check
It's all love baby, aye, check

Everyday is vicious, everybody thinks they right
Young bulls trippin', niggas hoppin' out on sight
Intuition telling me that nothing's going well
And that's how everything is spelled
I just wanna blanket my self in VVS
Blind all these flaw ass nigga's who don't respect it
Cause If I can't make money money money yeah
Nigga, I'ma take money money take money money

My cousin momma in shelter and it hurt me
My lil' brother moved out and it hurt me
My ex bitch broke my heart it awoke something
My grandma got that cancer and it broke something
My daddy in and out of jail and he 30
My nigga's right across the street who wanna murk me and I'm damn
Why they wanna stick me for my bands?
Shit, it's a check right

Bounce out balling on everything
And I'm sipping on anything
You know the Feds want to get me
I ain't really paying for nothing

When they see me field you know that's it's all love yeah
Its all love yeah, aye, check
It's all love baby, aye, check
