Guapdad 4000

She like to keep the Windows Down  
Tryna show everybody who she ridin' with  
And she know that I been around  
But I can tell she know what the type of time it is  
She looking summer-time fine in the front seat  
Said when we get back to the crib she tryna fuck me  
She know that I'mma hit the spot, lil baby trust me  
Tell me I'm the one you waiting for, I must be

I'mma make her mine  
For the summer  
I think we should vibe  
For the summer  
I'mma make her mine  
For the summer  
I think we should vibe  
For the summer

Windows down and my top drop  
I want em to see what I'm doing in it  
Them bullets fly like fa fa (fa fa fa)  
Man them nigga's will never move again  
Taking these shots with me got her thinking bout a new beginning  
Got something on me drunk, singing fuck that nigga in like 20 minutes  
I'm more than enough for a hot thot, bitch I'm worth like 20 nigga's  
Coming for the top, that's my spot  
I want the chair fuck who is in it  
I was being funny, I was being nice  
But I'm scamping I'm going dark  
So drunk I sat and fronted a Rolls  
Bitch I'm Rosa Parks  
Tear the road apart  
Then the store apart  
Then that hoe apart  
Baby don't you start  
Tear the road apart  
Then the store apart  
Then that hoe apart  
Yeah it's a checl
