Another day try to stand up straight; keep the world from draggin' me, down'; fight the flames that feed the fire, but my mind keeps spinnin' around. Holding on to what You said, cuz I know Your words are true; only way to win this fight is to keep my eyes on, You

Fire and Love, the two extremes that we live between. Fire and Love, there's more to life than the eye can see.

Feelin' down, well I've been there too; I know just how you, feel. A winning hand from every side, it's hard to tell what's real. Caught between the two extremes, Feel the pull from side to side. Trying to run the easy road; just enough to get you by.

Oh Lord, I know You've got the answers; Oh Lord, I know You are the Way. Oh Lord, I know You are the Answer, Oh Lord, I need You, everyday.
