

## Save Me

## Guardians of Time

Songs of serenity. Sing to the gods  
I pray for tranquillity. Save our sacred souls  
Gods save us

Sovereign we're not. Your time has come  
We're silent. Save your words  
We'll let life take its course  
Save your words cause their all in vain

Why do you punish us? Why don't you care?  
We can not contaminate. You fate is written down  
Gods save us

Sovereign we're not. Your time has come  
We're silent. Save your words  
We'll let life take its course  
Save your words cause their all in vain

Save me!
