

3rd Quarter

Gucci Mane

Is you rollin'? Yea I roll kush daily, fuck you pay me, fuck you fuck you,
Fuck the CEO, fuck the artist and the goons too
Smell like pussy over there, nigga fuck you

Money keep coming in so I ain't even worried
I'm richer than your daddy baby I ain't even thirty
A nigga made a diss song and I ain't even heard it
Never mention homey name cause he ain't worth it
Thought about a charm cause I felt like splurging
Showed my jeweler love then he made the chain perfect
Man, I'm one take perfect, VVS diamonds chains, don't they look pretty
And I don't leave with the ones, nigga that's petty
This pretty red girl said "Fuck it I'm quitting"
Dance till your white big toe start splitting
I'm hood rich, stupid rich, and I ain't bullshitting
A thousand carats on baby I ain't bullshitting
Eight grand gone I ain't been ten minutes
Baby gimme two minutes, twenty more coming
Later do eighty-four hundred I'm throwing
Duty truck, Hummer truck, my truck game stupid
Just like Lo I pull up in something foolish
Red diamond chain but it sure ain't cupid
I came along way from that '84 Buick.
ITS GUCCI

Is you rollin'? Yea I roll kush daily, fuck you pay me, fuck you fuck you,
Fuck the CEO, fuck the artist and his goons too
Smell like pussy over there, nigga fuck you
