With a knot so big, I can break the scale (go)

I'm 'bout to switch my name from Gucci Mane to bricks and bells (damn)
They call me droptopwop, I'm in my red Chevelle (woo)

Bitch, I can quit then leave the game, I'm like Dave Chapelle
I'm in a all black tux with a suede lapel
They'd never think I used to sling pots like Patti LaBelle
Watching two bitches eat each other while I'm pickin' my nails (woo)
I'm 'bout to pop a couple pills and do the Johnny Manziel (damn)
I'm Scott Storch on the keys, it's getting hard to fail (Scott)
But gotta pay the invoice, can't disregard the bills
Courtney Love with the dope, but got no love for real (no)
And it's so smokey in the club, I can hardly see (woo)
I got obsessions that'll kill you, that's they job for real (trra)
You think I'm playin' with you nigga, but I'm dead for real (trra)
