Hey Man, this the squad phone number's three letters
More money, more bitches

Your nigga's a pussy, we smack him around
Pull out my pistol, I'm backing him down
Running your mouth, and I'm running in your house
Call to my nest, and we jerking you down
You buying a ounce, and you breaking it down
Hop in the house, and I'm burning it down
You walking away while I'm talking to you
With this A.K will hit you until you die
Desert will hit you, it will take off a leg
Death on your fingers to get to the bread
Came from the country, I served my family
That's why I tell niggas to rock better lead
Hit in the head for something you said
Torture a nigga, I wanted him dead
You leave me no options, you telling the feds
The apartment was white, but I painted it red
Fuck a red girl while you deep on my dick
You love me so much, she check pay me respect that's twice on your neck
Came on the Chris and got shot in the chest
Cut off your fingers and cut off your thumb

School of hard knocks, got my heater on my desk
Being head for my school while I'm cheating on my test

Burning on me, raising temperatures
You are not a fucking killer, but gather all my niggas perpendicular
Back when niggas was younger, you were the lamest

Serving nigga no suprena
