They better, cause I brought my pistols  
One hitter quitter, big dipper  
Got the better faced bitch, you better  
Got a hitter with them big gold pistols  
Hope the lean so dark, it's better  
Had a bitch that I can't get rid of  
When she test me it make me bitter  
What don't kill you makes you better  
Why you mugging, you bitter  
If you tryna cheek, you bitter  
If I'm gone smash you, I'm better  
If you get love then show love  
The strippers gone get bitter

Probably gone nut in her face, big dipper  
Every time we hit the club they follow us with the fireworks like Christmas  
Leave a pussy nigga in the swamp just like Izzo  
Chase you down like you killed my sister, no Mystikal  
Put that stick all in your head just like TI  
Got so much weight like I'm in NY, no Eli  
And I'm standing, and demanding  
Your ho gone go for it like Tom Ford, these advantages  
Ok I got a lot of strippers round me right now, like I'm pulling shows  
I got so many bands round me right now, I know why the want to rob us
