

Born with It

Gucci Mane

Born with it, born with it
Yellow bitch fat ass and she was born with it
Told her scrub my knee like I was born with it
And that pussy so good I nutted already
Born with it, born with it
She ride my dick, my knee like I was born with it
Keep them bands on me like I was born with it
Got 2 mill on me right now like born with it

20 chains on, I done made a entrance
Tryna wish the stage should've brought a fence in
Said they seen a brick with muhfuckin' imprint
Man I ball so hard last night down there I had a injury
Smoking blunts of cookie in the Bentley
Cookie in the Bentley, cookie in the Bentley
Smoke, smoking blunts of cookie in the Bentley
Cookie in the Bentley, cookie in the Bentley

Born with it, born with it
Yellow bitch fat ass and she was born with it
Told her scrub my knee like I was born with it
And that pussy so good I nutted already
Born with it, born with it
She ride my dick, my knee like I was born with it
Keep them bands on me like I was born with it
Got 2 mill on me right now like born with it

Just look at my reign, diamonds in my chain
Me and Guwop pull up fire flame
These rapper niggas lame
They never took the rest and took em on a plane
Blowing Mary Jane
I'm on a private jet, I just got a check
Riding round in a Rari, jumped off in a vet
Man the rap game hurting, heard that its a joke
Pull up in the U-Haul with 2 thousand pints
Pouring up the lean yeah I'm pouring up the 'gnac
Shout out to my young nigga, cause all we do is trap
Just me and Guwop, pulling up in that Jag
If you niggas get to talking, put the choppas on they ass

Born with it, born with it
Yellow bitch fat ass and she was born with it
Told her scrub my knee like I was born with it
And that pussy so good I nutted already
Born with it, born with it
She ride my dick, my knee like I was born with it
Keep them bands on me like I was born with it
Got 2 mill on me right now like born with it
