Break Bread

Gucci Mane

Last night she tested my endurance
God damn, what a good performance
I'ma have to get some good insurance
Damn near woke up all the children
If you scared, tap out and holler "Rick Ross!"
I slang Fred Flintstone, I make the bedrock
Dripping wet, Versace sheets, she left a wet spot
I told her, "Let me put the lace front in the leg lock"
She got that water balloon, suck it till ya head pop
I'm the sugar daddy Wop, I'm not the step-pop
Leaving out the strip joint I want some head now
Drop the top, now why not just put the head out

I was dead broke now I got that bread now
I'm so impatient I can't wait to bring that bread out
I was dead broke now I got that bread now
I'm so impatient, man, can't wait to bring that bread out

Rodeo Drive, Lambo, Gucci sped out
I'm in my blue coupe, can't wait to bring the red out
I make a call to Jamaica, fly them dreads out
I'm so impatient I can't wait to bring that bread out

Money turn her on it make her horny
Bumble bee booty, my type of horny
My business is booming, I'm on a journey
I stumbled through London, it's early morning
Money calling, "call Riri" because it's pouring
Four different Rolls Royce umbrellas, man, I'm a tourist
I'm so sedity and pretty could be a florist
Have you looked at me recently? I look gorgeous
With my pretty sedity bitch, but really she innocent
But she the drug dealer bitch, get the pain and the benefits
In the backseat get intimate, new Bentley I tinted it
Jerk on the dick like a pogo stick then eat nut like Eggs Benedict

I was dead broke now I got that bread now
I'm so impatient I can't wait to bring that bread out
I was dead broke now I got that bread now
I'm so impatient, man, can't wait to bring that bread out

Rodeo Drive, Lambo, Gucci sped out
I'm in my blue coupe, can't wait to bring the red out
I make a call to Jamaica, fly them dreads out
I'm so impatient I can't wait to bring that bread out

(Last night she tested my endurance)
(God damn, what a good performance)
(I'ma have to get some good insurance)
(Damn near woke up all the children)
