

# Brick N a Brick

Gucci Mane

Young niggas with these old dogs  
Got a young bitch and I'm hood rich  
My old money for this new club  
In this strip club getting group hugs  
I got busy kids, I got fresh weed  
Totter real hard on Venice Beach  
Talk to the a-attire, but ain't no telling bout me  
Cuz that lil nigga got spazzed out  
Baby girl I'll overwork ya  
Ain't that clip would pay ya  
And I ain't mean confiscate  
We walk around better be careful  
These niggas might snatch my house from me  
See them around better pray ya  
Cuz a nigga might snatch your air from ya  
Let me tell ya something about me  
Thirteen year old's already a O.G  
Selling big weed  
Big bra sit me thirty p  
Steal the shirt right off your back cuz I'm a fucking thief  
J's off the street, call me black with the gold teeth  
Pistol whip your cousin now a nigga got both teeth  
Keep it brief, where you speak  
Cuz you talkin' to a chief  
Shootin' like no Chief Keef  
Check it with ya homies  
Shoot you with yo own gun  
Running from your own peace  
Rob ya dead put some change on yo kid with yo own cheese  
Long money, long gun short pace and short sleaze
