I'm icy, bitch, the reason that it's froze up
Got lil' kids wanna be me when they grewed up
Wrist all rocked up, charm all chunked up
Ring so big, got my pinky finger swole up
Pull up to my club, red carpet roll-out
Feeling like a star player, I might pull a whole lot
Bitch in a Lamborghini, she just did a donut
DropTop Wop, got more Glocks than a pawn shop
Hoes so fine, in the summer got the toes out
Niggas gettin' money, get drunk, they like to show out
Shout out to the landlord who know that's the old house
Put some diamonds in the golds like the old South
Asked me for a diamond in her nose, I said "Woah, now"
Pay attention, diamonds in the Rolls, we in the truck now
I just put some diamonds in the ceiling, what the fuck, now

Bust down, bust down, everybody bust down
I don't got much feeling in my heart, who can I trust now? (No)
Bust down, bust down, everybody bust down (Wop)
Playin' with my money, lotta people gotta duck down (Bow)
