Cold Hearted

Gucci Mane

I'm a heart breaker
Yeah!
This is Gucci
Ain't mean to break your heart
Is just me not even you

I'm cold hearted, (cold hearted)
They say I get it from my father (cold hearted)
I'm cold hearted (cold hearted)
Most time I don't wanna be bothered (cold hearted)

No no, I've been so many places chasing paper under the sun
Wanna start a fam but girl I can't be faithful to one,
I got a problem, and it ain't like I don't feel for your bae
And I hate to see them tears on your face
But I can't erase all the memories we've made
Got my brain goin crazy it's like I'm stuck in the maze
Don't lose your hope in me, granted you keep the faith
All you secrets is safe with me take the shit to the grave

I'm cold hearted, (cold hearted)
They say I get it from my father (cold hearted)
I'm cold hearted (cold hearted)
Most time I don't wanna be bothered (cold hearted)

No no, 'cause I'm a heart breaker (heart breaker)
I'm a heart breaker, heart breaker, heart breaker, (breaker)
Heart breaker, heart breaker, heart breaker, (breaker)
Heart breaker, heart breaker, heart breaker, (breaker)

I'm drinking champagne out the bottle
I'm drinking ace of spades like that shit's bottled water
I'm drinking ace of spades like that shit's bottled water
I got the preacher's daughter doing all the shit I taught her
Go so hard I might break them hoes,
Dick so hard I might break her jaw
Cold hearted I ain't got no heart,
Broke bitch she don't want no job,
How you gonna help when times get hard
Ride or die but she ain't got no car
Push button I ain't got no key,
Want to marry me and take half my stash
Break her heart broke the bitch in half
I hate these hoes, but I love my fans
We have a doubt, but the shit won't last,
Play the crash to where I drop my best
Head to head to where I made this cash,
I ain't tryin' to give it up so fast
Blessed blessed now you win my past
Hundred bands used to wipe my ass
Ace of spade don't need no glass
Got rice of the past so the hoes go this.

I'm cold hearted, (cold hearted)
They say I get it from my father (cold hearted)
I'm cold hearted (cold hearted)
Most time I don't wanna be bothered (cold hearted)

No no, 'cause I'm a heart breaker (heart breaker)
I'm a heart breaker, heart breaker, heart breaker, (breaker)
Heart breaker, heart breaker, heart breaker, (breaker)
Heart breaker, heart breaker, heart breaker, (breaker)

I'm drinking champagne out the bottle
