

Crash

Gucci Mane

(Shutup)

Gucci

I let my pockets do the talkin'
I ain't got nothin' to say
And if that bitch ain't pussy poppin'
Get the fuck out my face
And if you niggas ain't talkin 'bout profit
Then yall ass in the way
LIL' NIGGA
Talkin loud when he know he a lame
Claimin' blood
Hell naw, boy you know you's a dud
Fiendin cuz
Hell naw, boy we know you's a scrub
Where the love at?
Naw, man you gets no love
Cuz you a lame!
How the fuck you even get in the club?
I got insane young niggas and they trained to go
I point my fingers like a cross, and god send em to ya door
Man y'all niggas ain't no killas, man yall niggas some hoes
Man y'all niggas ain't no dealers, man yall niggas some Js
I don't blame you, I blame yo daddy. It was how you was raised
Should take this Tom Ford belt and beat you with it
Like back in the day
They say that Gucci Mane is crazy and I say "I agree"
But they stole so much sauce that I heard their record
And thought it was me
It's Gucci
