Crazy Things

Gucci Mane

I can em dudes do some crazy things
Felt so good, make her Jackie do some crazy things
Choppa with me, I might do some crazy things
I got yo girlfriend with me, she gon do some crazy things
I got straight A on them 6's, it's some crazy things
It felt so good, it made us now look at yo crazy dreams
I got that gangsta Gucci Mane, that shit amazing man
Ain't never white bitches at my party, it's crazy man

I like to stay down with my ho so now I'm crazy paid
My credit workin, make it up, I'm cashin crazy plates
I'm from the middle of the city like a gravy baby
And I be Fido when they see me, I got crazy flavor
Turn it up so loud nigga, I might wake yo neighbors
Einstein what you sayin? Go bout what it say on the papers
Might move to Oakland just to watch a game of the Raiders
No flexin, they connect this with the dope like the cable
When I go to table you can tell that I'm huntin
My stomach get cravin, it's smellin them hundreds
Can you feelin it comin? I'm not in it for money
And I had to say, I can make a bitch do some crazy things

I can em dudes do some crazy things
Felt so good, make her Jackie do some crazy things
Choppa with me, I might do some crazy things

I got straight A on them 6's, it's some crazy things
It felt so good, it made us now look at yo crazy dreams
I got that gangsta Gucci Mane, that shit amazing man

Jackie gon slap crazy, my trap is crazy
You'd think this shit was 1980's and I fucked with Ray
I didn't had no daddy to bring the baking soda, brought home the bacon
And if you think you gon put Guwap in then you son is mistakin
I got 200 thousand cash on me, I'm a go to Vegas
And I don't need no fuckin no Jenny crib, my money overweight
I don't even pay the rent cause always overpay
And I overtippin 100's cause I'm Gucci man, I'm rich to stay
I go anywhere I wanna go, I double dare you to try to flap
I'm a have to flake er to because this pussy gon have to come in now
I'm a flip the pack and switch the spots, I know the folks gon run me now
And you can tell me shit bout East Atlanta, bitch I know it's money though

I can em dudes do some crazy things
Felt so good, make her Jackie do some crazy things
Choppa with me, I might do some crazy things
I got yo girlfriend with me, she gon do some crazy things

It felt so good, it made us now look at yo crazy dreams
I got that gangsta Gucci Mane, that shit amazing man
