Addicted to you girl like a codeine
And ain't no re-rock I'm a come clean
Have your beer pushing love you can call me

We got that dope love, dope love, dope love
Baby dope love, dope love, dope love (2x)
Baby dope love, dope love
Baby girl we got that dope (4x)

You want a nigga like me, it don't come cheap
Baby I'm a go hard, I'm a straight freak
You can run now, later you gon chase me
Cause you been playing games with me for like eight weeks
We got a dope love, we got a bond that unspoke of
Two guns we don't give them haters no love
So thug, see her ex man and mean mugged
My dope girl, double cup leaned up
Say, thank the creator cause he made you
Thank you, gotta thank your mama cause she raised you
Hater, I bet that your daddy is a hater
Say there, ain't no need to cross that on the plate

See your man is a man but he ain't me
See that nigga can't be what he can't be
Baby it ain't really cheating if he don't see
And if you ever want me you can call me
We got a dope love, dope bond, you a dope girl
Dope girl, so dope, bringing more girls
Don't do em me to you went for more girls
Dope bond having fun, never told on
My girlfriend who was finer than my girlfriend
I carry on, Came to see what she was carrying
Carry on, how many bags you gon carry on?
Louis Vouton, ass bustin out them Darions

We got a dope love, dope love, dope love
Baby dope love, dope love, dope love (2x)
Baby dope love, dope love
Baby girl we got that dope (4x)
