Best coke in the world going through your nostrils
Plugs steady send the dope in by the boat load
Severe niggas heads off like el loco
A hundred bricks is nothin if you jesús alozando
My big toy meet me o I got it in the choke hold
Spent a half a million last year on forgiatos
And no I am not a catholic confessin is a no no
So many bricks of brown and white you know we got a snow roll
Coke so clean every one brick is a combo
A little handgun in every pocket in my cargo
And it's a stack for a kilo if you get it in the jungle

All I wanna be is el Chapo
At least all the street niggas I know
All I wanna be is el Chapo
Fully automatic slice your auto
All I wanna be is el Chapo

All I wanna be is el Chapo
