Don't be embarrassed baby, he'll make you feel embarrassed
Don't even go out with that nigga or you gon' be embarrassed
Don't be embarrassed baby, he'll make you feel embarrassed
He said we flashin' with money 'cause he ain't got nothin' to flash

Don't be embarrassed baby, he'll make you feel embarrassed (ooh)
He say I cherish my money but he ain't got nothing to cherish
Don't be embarrassed baby, he'll make you feel embarrassed
I got on so many carats yo' man should be embarrassed
Don't be embarrassed baby, he'll make you feel embarrassed (ooh)
He say I cherish my money but he ain't got nothing to cherish
Don't be embarrassed baby, he'll make you feel embarrassed
I got on so many carats yo' man should be embarrassed

I said hola, low eyes, I jumped, I go here
I'm in too deep, still need me some more here
I'm pulling up, hot, drop top some foreign
And me and Gucci Mane came to stunt, got something for ya
Ayy, count all my money and then I let it all go
And I see they all on me, they know I got dinero
And everyone checkin' on me, they wonder where I came from
And I been going outrageous, man, ever since I came up
Ayy, call my phone, call my phone, I don't know ya
Just stop right now, don't get embarrassed
And then I check on the rollie, and I ain't got the time
I'm ballin' out somethin' stupid, my wrists on thirty thou' [Chorus - Gucci Mane:]

Don't be embarrassed baby, he'll make you feel embarrassed
He say I cherish my money but he ain't got nothing to cherish
Don't be embarrassed baby, he'll make you feel embarrassed
I got on so many carats yo' man should be embarrassed
Don't be embarrassed baby, he'll make you feel embarrassed
He say I cherish my money but he ain't got nothing to cherish
Don't be embarrassed baby, he'll make you feel embarrassed
I got on so many carats yo' man should be embarrassed

I only made 4 million last year
Threw a Rolex on my ankle, just to not be humble
100 day, 100 cities, can't remember no names
Don't ask me no questions, I don't do interviews
40 bands on my right hand, 8 grand on my left
'Bout to flex at Panda Express, diamond, carats, no marriage
Rubies blushing out in Paris, diamonds, carats, no marriage
Rubies blushing out in Paris, I don't do Snapchats
I ain't do Snapchats, I don't do behind the scenes
Walking straight off the plane, to a tint-up limousine
Brick Squad bandannas wrapped around car antennas
Mr. Pound student-faculty, Mr. Brick off a balcony
(For real)

Don't be embarrassed baby, he'll make you feel embarrassed (ooh)
He say I cherish my money but he ain't got nothing to cherish

Don't be embarrassed baby, he'll make you feel embarrassed
I got on so many carats yo' man should be embarrassed
Don't be embarrassed baby, he'll make you feel embarrassed (ooh)
He say I cherish my money but he ain't got nothing to cherish
Don't be embarrassed baby, he'll make you feel embarrassed
I got on so many carats yo' man should be embarrassed
