

# Fall Back

Gucci Mane

She ended up being with him, should've been with me  
I thought that we were meant to be but I can tell was not to be  
If it was meant to be then it would be so I'm a see  
But until then I'm a fall back like a G  
I think I need to fall back  
I think I need to fall back

Why you say it way back? You can say it up front  
I don't think I'm all that, I'm just kinda laid back  
22s on the bed, 20 Os in the front  
Had them hoes hang hard, tryna make it, think so  
Put a rock on you, big, it's like a cruise ship  
So don't call me Gucci Mane, so don't call me [?]  
Ever since people in Beverly Hills sending you gifts  
Use your crown, no hate, he don't ware enough, baby  
We can rent our crustaceous, take a vacation  
Fly to Bora Bora, call you Dora the Explorer  
Doors can't give a ball, it's all involved  
Haters can't crawl 'cause they know you're their boss  
You done make it who you are, you was born to be a star  
Watch your wrist like that, you deserve a new car  
Me only copping that but I love you copping that  
You started copping that but you acting fine so I think I need to phone back

She ended up being with him, should've been with me  
I thought that we were meant to be but I can tell was not to be  
If it was meant to be then it would be so I'm a see  
But until then I'm a fall back like a G  
I think I need to fall back  
I think I need to fall back

Bang, bang, titty, I done bang, bang nitty  
Most girls are the same, I was saying you was different  
All your friends with you, they be like 'bitch, you tripping'  
If you wasn't, I be with him, I'm a YM fly nigga  
Can't fall in love with a stripper but I just love the way your face fall on  
my zipper  
I ain't no tricker, but love got me tripping  
Might have to tip her if she show me titty  
Bad to the bone, baby, bad, hop on my lap, 'cause she want with my cash  
She doing too much and I'm moving too fast  
Damn, a nigga need to fall, fall back  
Fall back? No more chilling, how your day go?  
I'm a A hoe, O, 'cause I'm single, no bitch, you play, don't play me  
Like a Lego so yeah, I'm gonna let go

She ended up being with him, should've been with me  
I thought that we were meant to be but I can tell was not to be  
If it was meant to be then it would be so I'm a see  
But until then I'm a fall back like a G  
I think I need to fall back  
I think I need to fall back

I'm in my Bentley, ocean rider, won't you jump off in my lap  
You wanna get no Channel, clicking crabs outside  
I need to fall back 'cause she got me all trapped  
Try to throw me y'all test, said you met your real love

Make the head go, when she see me panics up  
I have her walking out of filth, you got her walking out of church  
Don't be quick, that loser chose her, ruler, come and get a chop  
Baby, I don't think you want it, boo, but you should see what you count, Guc  
ci

She ended up being with him, should've been with me  
I thought that we were meant to be but I can tell was not to be  
If it was meant to be then it would be so I'm a see  
But until then I'm a fall back like a G  
I think I need to fall back  
I think I need to fall back
