Once a friend not a friend then a friend once again
Can't pretend we grown men must defend once again
Once again behind tinted windows on some rims
In the wind with the trail rims are big tires are thin
I do ya girl like a convicts first day up out the pen

Every night is a movie but my mornins' begin like
Las Vegas I go again
Ten thousand I make this ten
Eight thousand on six to eight
I make or break I play again
Lambo lot I go again
What the fuck I want this time?
Yellow lamb with yellow rims
Winter time wear yellow tims
Come out here well go again ?
20 thousand dollars in
Fuck it order ten more thousand
Then midnight come back thru again ?
Its Gucci
