

Knock 'Em Down

Gucci Mane

She's tryna play hard, I get it
Meet me at the car in five minutes
And bring your friend if she's with it
Both of ya gonna get it
Cause I knock 'em down, knock 'em down, knock 'em down, knock 'em down
Cause I knock 'em down, knock 'em down, knock 'em down, knock 'em down

It's Gucci!
Tryna play hard, I get it
Got good game, I spit it
Wanna bring a friend? I'm with it
Oh that's your girlfriend? My bad, I hit it
Like when it's gushy I twist it, let's go out, let's kick it
If you still runnin' shops in my city
And I can't even lie, you fly and I dig it
Call me when you ain't busy
Two bad bitches, they're kissing
One I will go they miss it
I'm the one they call for the late night visit

She's tryna play hard, I get it
Meet me at the car in five minutes
And bring your friend if she's with it
Both of ya gonna get it
Cause I knock 'em down, knock 'em down, knock 'em down, knock 'em down
Cause I knock 'em down, knock 'em down, knock 'em down, knock 'em down
