Georgio, Georgio, Georgio, I lost my plug
I crossed off a deal, made me a deal, his price was low
Got bricks that torpito across the boarder, start placing your order
Got them fishes, they drop in the water
Chef in the kitchen, I'm cooking your order
Do it for real, I knock off your bro
Play off my Cho, I knock you with the 4
The egg with the beaters, I whip up the Coke
100 percent, see no shit like before
I'm back like the 80's, riding with my baby
Want 20, I surve you a baby
I switch up and get the work from your old lady
She told me I'm rich, I think that she shady
Them cookies I'm baking, they tasting amazing
We fuck with them Mexicans, and them Jamaicans
They say that I'm missing, my paper be short
I smashed up your sign, show me the vault
Told you before, I want it for my dogs
Guwop told me "don't fuck with him, dog"
I thought I had real trust for you, dog
Rich in the ring, throw it in the Benz now

Juggin with George, and juggin with hasians

Back to the basics, I'm thumbing through faces
Used to be a jugger, now I take it
My diamonds they poke, my neck look like a glaciär
