

# Money Do

Gucci Mane

I don't have an ego, but my money do, money do  
And I don't have a big mouth, but my money do, my money do  
And I don't like to show out, but my money do, my money do  
I got so many zeroes I could bury you its Gucci  
I don't have an ego, but my money do, my money do  
And I don't have a big mouth, but my money do, my money do  
And I don't like to show out, but my money do, my money do  
I got so many zeroes I could bury you, waoh

Call that ballin', I call that hopscotch  
He gettin' a little cash, but he ain't got what I got  
Twenties in my bankroll, 150 on my watch  
Like Dikembe Mutombo, get a lot of them big blocks  
Gucci brought them bands out  
You brought a lil' cash out  
Our sets, they poke out  
Interior smoked out  
Homie you a peon  
I'm ridin' European  
Emmitt Smith on the back tire  
But the front tire's a Deion  
Get this shit for the 17  
Sell shit for the Keyshawn  
My wrist colder than freon  
That bullshit, I be on  
In the club, I'm wasted  
Better yet, I'm faded  
Got home, don't know how I made it  
But this shit all gravy

I don't have an ego, but my money do, my money do  
And I don't have a big mouth, but my money do, my money do  
And I don't like to show out, but my money do, my money do  
I got so many zeroes I could bury you its Gucci  
I don't have an ego, but my money do, my money do  
And I don't have a big mouth, but my money do, my money do  
And I don't like to show out, but my money do, my money do  
I got so many zeroes I could bury you, waoh

When I'm pickin' up weight I need a personal trainer  
My money got its own fuckin' personal trainer  
I'm in the club throwin' hundons  
Smokin' out an onion  
Garlic bread, inside paint like lasagna  
Gucci be fresh like first day of school (Gucci!)  
Diamonds drippin' wet, it's like they pushed me in the pool  
Makin' paper airplanes out of hundreds, what I do  
Passin' Ace of Spades like it's bottled water to the crew  
Brick Squad, nigga!  
Excuse me  
Let me introduce myself, they call me Gucci  
And all my kicks, they be the flyest, call me Bruce Lee  
And I don't talk, my money do the talkin' usually  
I'm super chillin', but my money be the rudest

I don't have an ego, but my money do, my money do  
And I don't have a big mouth, but my money do, my money do

And I don't like to show out, but my money do, my money do  
I got so many zeroes I could bury you, its Gucci  
I don't have an ego, but my money do, my money do  
And I don't have a big mouth, but my money do, my money do  
And I don't like to show out, but my money do, my money do  
I got so many zeroes I could bury you, waoh it Gucci  
I don't have an ego, but my money do, my money do  
And I don't have a big mouth, but my money do, my money do  
And I don't like to show out, but my money do, my money do  
I got so many zeroes I could bury you, its Gucci  
I don't have an ego, but my money do, my money do  
And I don't have a big mouth, but my money do, my money do  
And I don't like to show out, but my money do, my money do  
I got so many zeroes I could bury you, waoh its Gucci
