This is chess not checkers  
You won't even see the move  
If you tryna go against it  
You don't wanna make that move  
When the doubted I didn't bow  
I just billboard flash plug  
Checks on checks on checks  
Now dey eating and they calling  
Sending text on text on text  
All that hating was my fuel  
I ain't stop or sleep or rest  
Now I'm glad I didn't form  
Cause the Industry a mess! (Go)
