Gucci Mane

J. White, I did the beat I can go off on

You changed on me, Mr. Wop  
You're not the same Gucci Mane from the block  
And you're so mean to the meanest  
And your bling is the cleanest  
And your chains must be worth a lot  
You're not the same to me, Mr. Wop  
With all the planes and the rings and the watch  
You're the worst and you know it  
You got cash and you blow it  
And your things must be worth a lot

I don't like Gucci Mane, shawty changed on me  
He ain't the same, there's somethin' about him, there's somethin' strange to me  
Maybe the money or the clothes or the jewels he rock  
He don't just wear the watch, he abuse the wok  
So outlandish man, that they can't stand the man  
I'm a living urban legend just like Candyman  
Nose candy man, I served it hand to hand  
Sniper rifle like a soldier in Afghanistan  
I let my money and my car do all the talking (Cha-ching)  
I'm the Grinch, I'll put an artist in a coffin (Uh)  
Fuck a dog, I'll let my gat do all the barking  
Know you a bitch, but you a pussy, you's a softy

Had a murder charge but they couldn't convict (Can't convict me)  
If the glove don't fit you must acquit (You must acquit)  
Got a Jewish lawyer runnin' my defense  
Let me out before the gavel hit the bench  
I'm the Grinch that made ya eat that other bitch  
Mistletoe on my dick, I made 'em kiss  
These broke niggas mad 'cause they on the bench (They on the bench)
