Gucci Mane

I said abracadabra and hocus pocus
Then the top disappeared and I went to Stokers
I'm Gucci Mane La Flare, I'm not no local joker
But I'm locally invested in Coca-Cola
I'm made a bonafide business off baking soda
Give you one more summer then I'm taking over
I got 100 pounds of loud, you can smell the odor
I got the thangs for 45 but don't tell 'em I told you
I'm a Bricksquad soldier, I thought I told you
Mr. Ice Cream Man, I'm smoking doja
Pull to the thang in a brand new testarossa
Then walked in the club and set off an explosion
