Gucci Mane

See I'm a lean drinker
I'm a mean drinker
I don't ever drink no cause I'm a clean drinker
I spill some lean on my hand, I got sticky fingers
I've got some street ties in L.A like I'm a gang banger
I raid your refrigerator clean, fill everything up with lean
And my black cup filled with lean
Chevy drop top, paint it lean
Niggas so slick, they'll cut you lean
Mix that Qualitest with clean
Drop in a lake full of lean
[?] dream, huh

Rainbow colors in my cup, in my cup (In it)
Rainbow colors in my cup, in my cup (Leanin')
Rainbow colors in my cup, in my cup
