Back in '92 I was a social recluse

I shot it to the first nigga sold me a deuce

2002 I was wild as hell  
Trapper and a rapper I'mma sign myself  
A lotta people didn't believe time would tell  
Had this dark skin girl she was dark as hell  
22 years old 90 days in jail  
The only thing I'm try do is buy a red Chevelle  
This money on my head cause I robbed a we'll  
Burned all my bridges time to sink or swim  
You a man or a mouse hammer head or brim  
Bitch Imma hard head cause I'm hard to kill  
They say Gucci Mane's a cutthroat he probably is  
He'll rob steal and kill and he probably will  
They say Gucci Mane a jack boy he probably is  
He'll rob steal and kill and he gone off them pills
