

## Serve On

Gucci Mane

I give my serve on  
No nigga and trouble are coming  
Unless I serve on  
Talking on the cellphone  
With real, real hood  
Shake it here the dope and sday real, real good

I give my serve on  
Talkin' on the phone  
They call me My Serve On  
Shaking here the dope, saying real, real good  
Then we crave the Gucci and say we're real, real good  
Ain't no limit to this shit  
I already been with this shit  
Ain't that bitch worth a dime  
Hit the dealers with the bitch  
You know I dope my hoes and dime  
And pay my millie for the bitch

I grew up in the capital  
Cause I'm very, very rich  
You are  
Disgrace to your family  
You know your son [?]  
Mistakin' at your birth  
You shouldn't have been a bitch  
No, niggaz aren't trying to walk [?]

I give my serve on  
No nigga and trouble are coming  
Unless I serve on  
Talking on the cellphone  
With real, real hood  
Shake it here the dope and say real, real good

I look like avocado  
Niggaz in the hood they'd be picture at your lotto  
Got hundreds of soldiers  
My niggaz are woving  
My niggaz be with women and coking  
My niggaz they play with the song  
I know you can't handle the pressure

I give my serve on  
No nigga and trouble are coming  
Unless I serve on  
Talking on the cellphone  
With real, real hood  
Shake it here the dope and say real, real good

I give my serve on  
No nigga and trouble are coming  
Unless I serve on  
Talking on the cellphone  
With real, real hood  
Shake it here the dope and say real, real good

They call my Mr Serve On  
While we're smashing serve on  
I don't really search for love  
Cause I didn't purchase for one  
But I'm tied in with camouflage form  
But I don't need no pass, yeah

I give my serve on  
No nigga and trouble are coming  
Unless I serve on  
Talking on the cellphone  
With real, real hood  
Shake it here the dope and say real, real good

I give my serve on  
No nigga and trouble are coming  
Unless I serve on  
Talking on the cellphone  
With real, real hood  
Shake it here the dope and say real, real good  
Hear saying Gucci that we're real, real hood
