

## Stand 4 It

Gucci Mane

"What's happenin' homie?"  
"Hey man, get the valet man"  
"Man slide me down right here in the front, man"  
"Got yo 5 homie, nigga"  
"Big Guwop"

I make a 100K a day, that's a slap in the face  
Me and Scooter ball in Vegas, just like Puffy & Mase  
You know the way that Gucci play, don't make me go in my safe  
I wore my Louboutin's once, and then I throw 'em away  
I'm drinkin' Chandon, Sean John all in the day  
This champagne and peach Ciroc, it got me higher than space  
I said grace and drink my breakfast  
Yeah a pint of the grape  
Cook up a half a brick for lunch, and then I gave it away  
I fornicate with my trigger, bring my scrap to the date  
I duct tape your feet and legs, you won't wear nothin' but tape  
They think I got a weight problem I get so much cake  
You niggas hatin on the 'wop, that's a female trait  
I sell a million dollar verse, get your Gmail straight  
I sixteen so hard it make your heart vibrate  
Charger knockin pictures off the wall, there's no earthquake  
They tried to kill my partner Rick Ross on his birthday

They say life is a bitch  
But Gucci paying cash for it  
Momma stressing hard  
Cause she can't pay the landlord  
I can never snitch  
My family they don't stand for it  
And I wasn't born rich  
But being broke I just can't stand for

I stand on what I said nigga  
That's just what I stand for  
My young nigga jump overboard  
That's just what I stand for  
All my niggas trappin' hard  
That's just what I stand for  
My chopper is my body guard  
That's just what I stand for

I bought a Buick Regal, man and I didn't have a license  
Used to catch the buster walking just to buy my Nikes  
I knew you'd turn pussy nigga I guess that makes me psychic  
Got 100 young niggas with me all these niggas strapped  
I ain't tryin' to diss your momma, but I bet your son won't try me  
And your momma may not tell you, but I bet your sister like me  
I'm like Tyson in his prime, man but I'm not with the fightin'  
Yellow lightning on my wrist, my Roley's bigger than a Breitling  
Just rolled a ounce up in I bought some [?]  
I'm King Midas bitches say your higness  
Cause I'm draped diamonds  
Call me smokey because I'm rocking ice cubes [?]  
And if you love me, like you say you love me baby hit the highway
