# Stiff

**Gucci Mane**

She don't fuck with broke niggas shes stiff
And I don't fuck with broke bitches I'm stiff
And I lowering my tricking I'm stiff
And you ain't gotta fuck with it I'm stiff
I only fuck with bad bitches I'm stiff
She only fuck with rich niggas shes stiff
I'm talking good game give em so swift
I need a million dollar bitch cause I'm stiff

I'm balling hard like I'm playing for the pistons
I'm throwing money in the club you should've been gone
Super duper balling shit is what my wrist on
Looking for a super bad bitch to piss on
I chop em off so every verse is like diss song
Say she never seen a nigga throwing this on
He lil [?] to see his bitch gone
I'm buying drinks for all my friends I insist on
Big watch like the flint stones
I bring fire and brick stones
Wearing bottles with my chick on
And getting money with my clique on
We screaming quaterback half a brick and that ain't a hit song

I got to rest a long way and they stiff
So she could tell I'm getting money out for real
Don't mean mixtape but I got that pill
Pass so much money I could close down phills
You niggas hold touches not how I'm built
A hundred thousand young hoes like wilt
You tryna kill me you end up get killed
Nigga told me to stay strapped and not just slipped
Sixes on my scrape 8 big lips
My hat cocked back my brain on tip
I serve lean beams even serve MILFS
How the hell im gonna help you when you can't help yourself
