Six7 on the beat  
Marii Beatz, turn me up

She's a superstar, I need to sign her  
Super bad bitch, I'm tryna find her  
She so bad, she made me switch the lineup  
Fresh fade, just got it lined up  
Big old booty, it's draggin' behind her  
She's my Wonder Woman, my bitch from Wakanda  
Crocodile Birkins and piranhas  
Rockstar wasted like Nirvana

Bad bitch with a body

Geeked up so high, in orbit  
Money so tall, it's corporate
