Gucci Mane

Once upon a time in a neighborhood not far away  
Was a dude named Timothy, he tried to steal a car a day  
He kept a screwdriver close by, he did autotheft  
Got with a lil crew & now he not doing it by himself  
One day timothy broke in a truck, quarter million bucks  
What the fuck, crazy luck, now he think he rich as fuck.  
They hit the mall bought it all jordans, bellies, pellet jackies  
Six slugs in his grill, all the hoes throwing pussy at him  
Little did he know that dat dough came from black & joe  
Joe from down on coasta ave & all he did was slang the snow  
So joe sent black with scraps & goons to catch 'em at his momma home  
Rang the bell, then 'ventually put two shots in his momma dome.

Dope man, dope man, gimme all the bricks

& he catch black straight in his back, he on his knees.  
Joe was bussin' like a fuckin Russian he barely escaped.  
But his right hand man is bleeding too death in his face.  
Tim's gone, he back at the spot, holding on his scrap.  
& he know that aint nothin' he can do to bring her back.

He drinking gin & blowing dro . he sadder than he ever been.  
He looks at his whole crew, then thinks to himself we were never friends.  
He can't run away from this, he don't got no where to go.  
Plus the police looking for 'em. they was watching black & jo.  
Damn what can he do this shit is real.  
Cause if he make the wrong mistake, then he'll get killed.  
Hopped in the car, him & his boys he so confused.  
High speed chase, they crashed it down, just watch it on the news.
