Top droppin', window tinted darkly so she not stoppin'
My ho poppin', she so turnt your ho tried take my ho shoppin'

All her exes done moved kilos

Over 21, she way past grown

And her booty got so so swole
Titties just got done, they swole
She a fool, how she work that pole
So thick, make a nigga look backwards
Leave marks on her neck like Dracula
To a kingpin, money don't matter
If he want it, then he come and get at her
She fuckin' her way up the ladder
That ass gettin' fatter and fatter
