

# Waybach

Gucci Mane

Way, lemon  
Way, way, way, way, way  
Wap, wap, wap  
It's Gucci! Wizzop

Ridin' in the 'Bach with the seat way back  
This white on white Maybach, I call it payback  
Yeah you know I f\*\*k with Zaytoven, we go way back  
I'd rather rap a Zay track than a Dre track  
Catch me flushin' down the street with the top way back  
I had to give these bad bitches somethin' to wave at  
Man y'all know I f\*\*k with Mike Will, we go way back  
Now let's bring the trap back nigga, Gucci Mane back nigga

I'm the bestest, I'm the freshest ever stepped on the scene  
I mean what I say, I say what I mean  
Keep a rocket in my pocket like my name was Hakeem  
Somebody had the picture, she thought it was a dream  
A college chick dream big man on campus  
All these folks impersonate me like Elvis  
Too much sauce and I'm not selfish  
I rule with a nine bitch wrapped in Velvet  
The seat way back and the top laid back  
Her waist real small but that ass real fat  
She get turnt up and you can't turn back  
She make my dick stand up, I push them legs way back

Yeah you know I f\*\*k with Zaytoven, we go way back
