Brick in the piledriver  
Used to stand a pilot and serve all the truck drivers (scrrrd scrrrd)  
I whip up that white flour  
Zip up that white powder  
Twist up that green ganja  
More money, more damn power  
A solider dies once, but 10,000 does for a coward  
Miamis my second home, I'm shopping [?]

I'm sippin' lean and feelin' drowsy (huuh)  
But what would the game be without me (gucci)  
I bet your girlfriend pussy lousy (damn)  
I see your diamonds very cloudy (huh)  
But what would the game be without me
