

Blockstar

Gudda Gudda

I'm from the murder capitol, where they murder for capitol
Big money heavyweight, move on every avinue
Try to point me one way, and I took my own avinue
Now I'm in the penthouse, top floor lavish view
Black sheep, transformed to a cash cow
I move with a red army, like [?]
I got my feet in the door, and they ask how
Shit, I just drag my nuts, let them drag down
I'm a blockstar, far from a rockstar
Hood nigga, still number one on the pop charts
I used to stash my money in the sock drawer
Now I cop cars, fucking with the hot broads
Bad bitch suck dick til she lockjaw
Big clips, gotta hold the gun [?]
For you animated niggas, like South Park
